That would be fine. Pat, Al and I have a standing Thursday morning meeting (930-11) so anytime other than that works for me.

Subject: AE tracking/status

In consideration of the volume of AE packages in the pipeline, I'd like to suggest a supplemental meeting/teleconference each month to focus solely on the tracking/status of AE packages from the Inland and Coastal Districts. I'm thinking it could be a 60 minute call on the first Thursday of the month. We would still have the larger 3rd Th in-person monthly meeting to cover a broader range of Class II UIC topics.

Let me know if you are amenable to this idea.

Thanks,
David
